VOC SYMPOSIUM

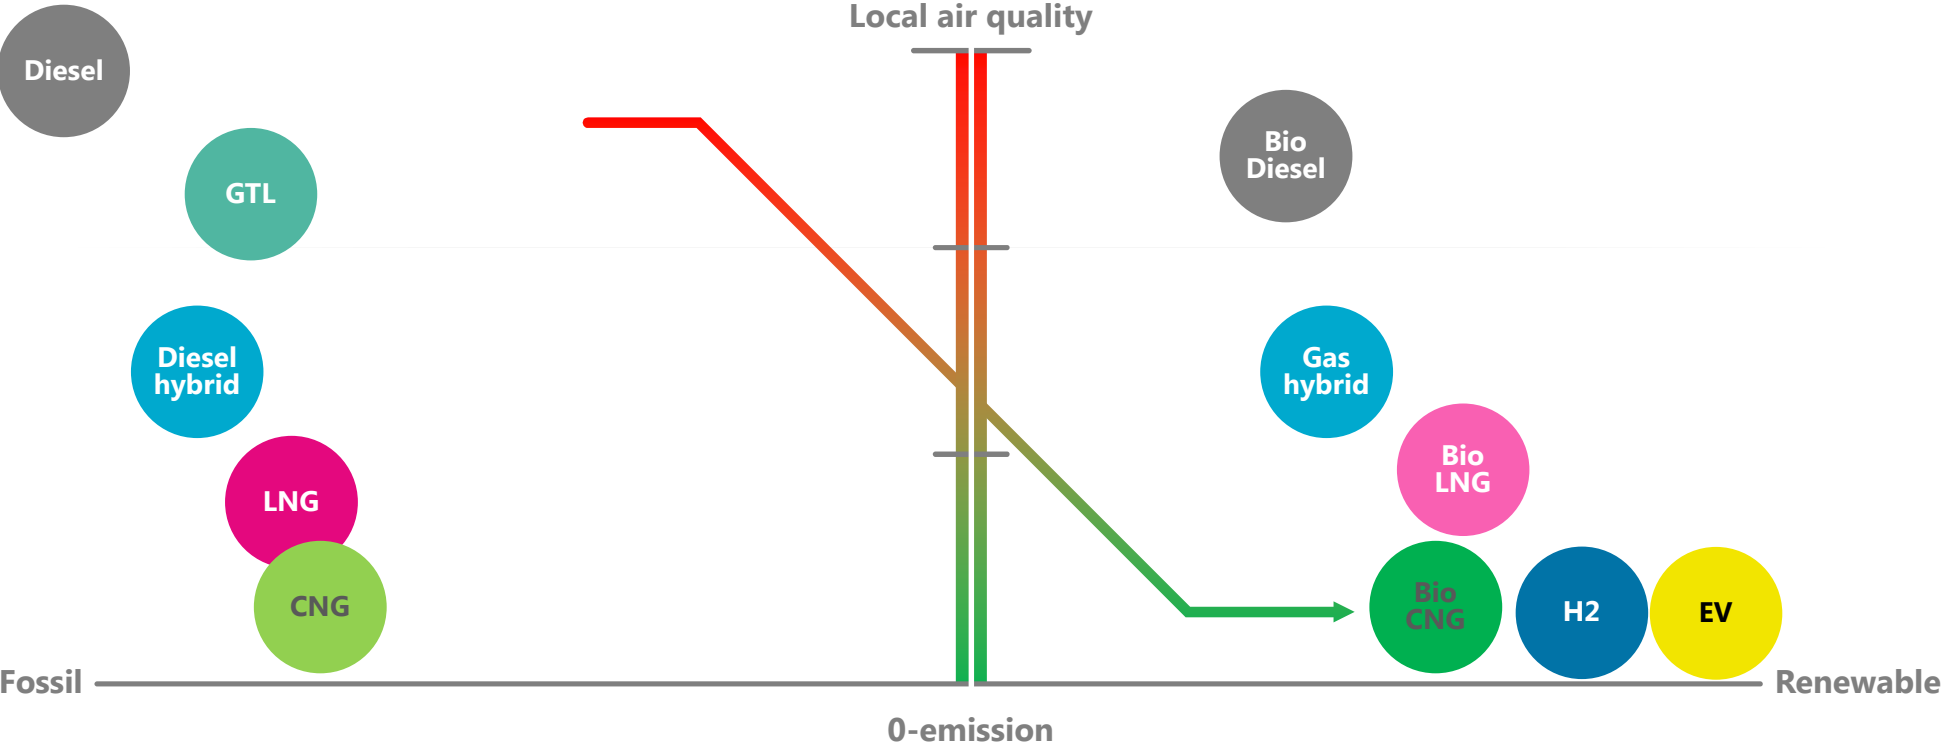

SUSTAINABLE PUBLIC TRANSPORTATION

October 4, 2016

ON TRACK

THE EMISSION DIRECTION IS CLEAR

PUBLIC TRANSPORTATION IN TRANSITION

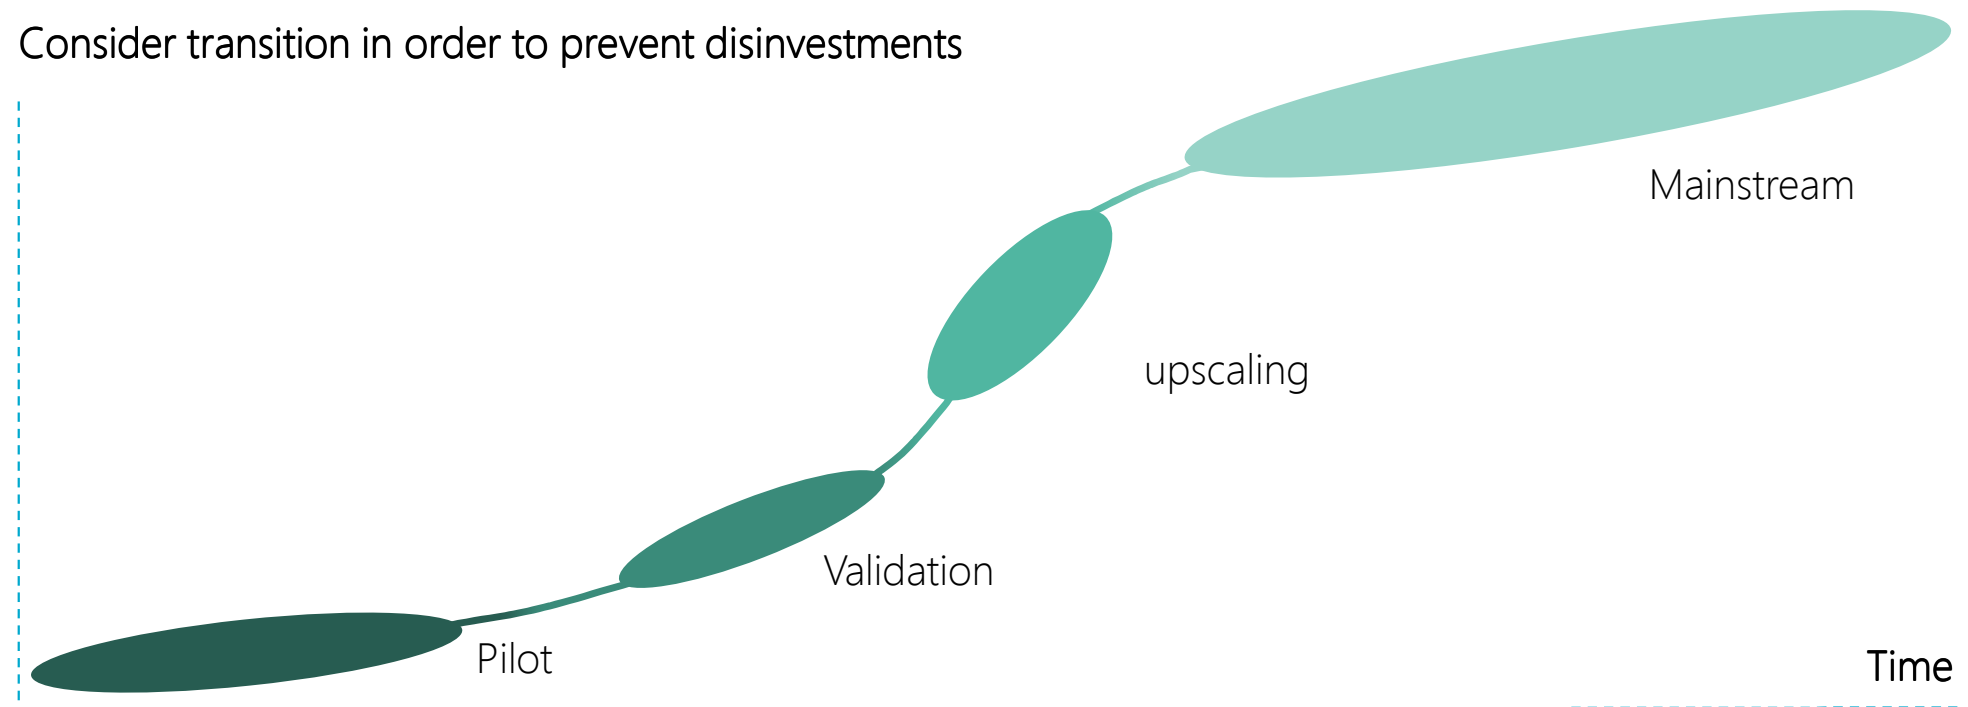

- Every day we fill 500 natural gas busses for public transport. More than 10% of all busses in the Netherlands.
- Taxi's drive on biogas supplied by PitPoint
- CNG Tour boat Amsterdam
- TESO innovative hybrid ferry
- EV Bus charging systems

TRANSITION START NOW

E.G UPSCALING OR MAINSTREAM BIO-CNG (-/- 80% CO₂) AND PILOTS EV / H₂ (ZERO EMISSION)

Consider transition in order to prevent disinvestments

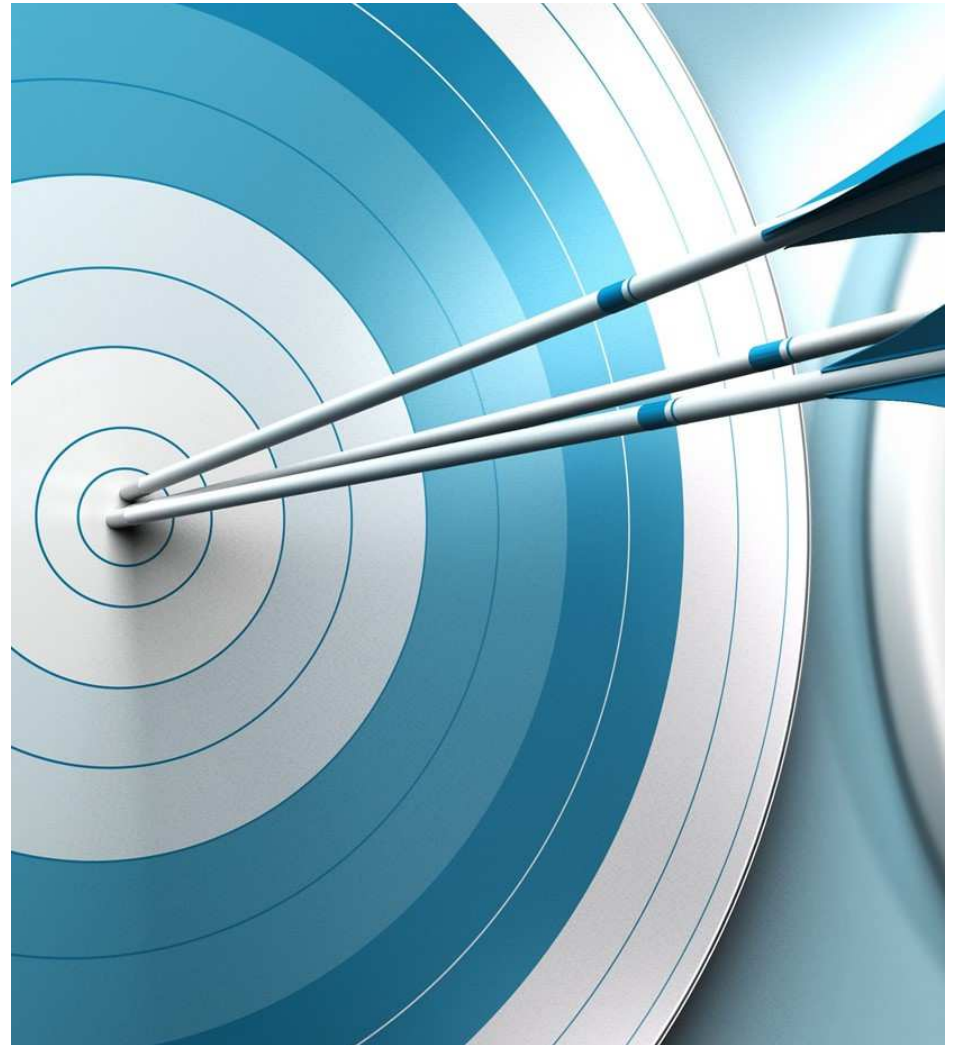

*Based on customer criteria

OUR RECOMMENDATIONS

SUSTAINABLE MOBILITY

- Start now with the transition. It is possible!
- PitPoint has invested already more than € 39 mio in Clean Fuel infrastructure
- Public transport should give the right example
